Age: 1~8 years old
Gender: 40% boys, 60% girls
Class size: 25 maximum (*Per Classroom)
School size: 80 children (*Including the Afterschool Program)

Slogan: Half of knowledge is knowing where to find knowledge.

Goals: To ensure that Saint Annie maintains a challenging academic program of uncompromised excellence through comprehensive articulation and implementation of a dynamic, whole-school curriculum. Our ultimate goal is that every Saint Annie's student learns to live harmoniously in, and contribute to, world society.

Established: Our School, "Kindergarten and Early Childhood Development Center", was founded in December of 2000 to meet the needs of families desiring a warm, nurturing, private Preschool and Kindergarten experience for their children, in a safe and secure environment. Our Elementary School program will start in August of 2015.

Key Staff: At present, we have 4 teachers on staff, including native English-speakers and bilingual Japanese teachers. Our present native English-speaking teachers come from the United States, Canada, and the United Kingdom. We hire staff who have experience teaching small children and who exude warmth and friendliness to all those they come in contact with. We only hire individuals with professional working visas, and/or permanent resident visas in order to prevent disruption in the daily lives of our students.

Qualifications of Staff: All native English-speaking teachers are required to have completed at least a four-year university degree in, or studies related to, early childhood education. Our Japanese teachers must retain a certified Japanese government-issued childcare and/or kindergarten teaching certificate.

Licensing: In accordance with Tokyo Metropolitan Government's Bureau of Social Welfare and Public Health, our school is registered as a Private Childcare Facility, and our registration forms are available for public view in the school's office.

General Facilities, Yoyogi Campus: Our Yoyogi School has two main classrooms, one where Preschool and Kindergarten children are integrated, and one where First and Second grade children are integrated. We also have a small playground with four swings, a jungle gym with two slides, monkey-bars, and a sand box.

General Ethos: We believe that education should promote the well-rounded development of individuals through the cultivation of their intellectual, creative, personal, social, and physical abilities. The school is committed to educating all students to be international and independent thinkers. We believe that the classroom and co-curricular activities should foster sensitivity to, and respect for, individual talents as well as differences. We believe that every student must learn to function both as an individual and as part of a group.

School Hours: 8am–8pm. Our kindergarten children arrive at 9am and go home at 2pm. Our Preschool children arrive at 8am and go home at 1pm. For early drop-off and extended afterschool, please see the Extended Childcare section. Our Afterschool children arrive 5 minutes before their scheduled class and leave at their scheduled class end time. (* Please see your child's schedule for details.) Our Elementary children arrive at 9am and go home at 3pm.

Usual Semester/Term Dates: *First term:* Aug–Dec; *Second term:* Jan–Mar; *Third term:* Apr–Jun; *Fourth term:* Jun–Jul.

Usual Vacation Dates: Three weeks in August, three weeks over Christmas and New Years, two weeks in spring, and all American and Japanese national holidays.

Nationalities of Children: American, English (UK), Australian, Korean, Chinese, Indian, Russian, and Japanese.

Uniforms: We are a uniformed school, and require all students wear the school uniform during school hours.

Languages taught: English and Japanese*. (*Japanese lessons are conducted twice a week.)

Language of instruction: North American English. (USA)

Curriculum Used: U.S Department of Education's Common Core Curriculum.

Special Needs Services: None.

Report Cards: Our students are assessed at the end of each semester, and report cards are issued to the parents.

Progress Reports: Progress Reports are issued on a tri-monthly basis.

Teacher Parent Conferences: We invite parents to come to the school and talk to the teachers once every 3 month. These meeting are voluntary, not mandatory.

Newsletters: The school's monthly newsletter and study goals are distributed to the parents each month.

Yearbooks: A school yearbook is issued each year in mid June. (Note: This yearbook is not a personal portfolio.)

School Lunches: Students have the choice to use the school's lunch service, or to bring a lunch from home. However, all students are required to bring a drink and eating utensils from home.

Disciplinary Procedures: We give verbal notice, but we use timeouts in more severe cases, (one minute per year of the child's age; for example, a three-year-old would have a three-minute timeout). In the event that this does not clear up the problem, the parent is notified.

Bullying: We haven't had any problems with bullying to date. However, we do take this issue very seriously.

Nearest stations: Yoyogi School: Yoyogi Koen Station on the Chiyoda Subway Line; Yoyogi-Hachiman Station on the Odakyu Line.

Security: Our schools are secured by SECOM; we have panic bells and security cameras in every classroom and throughout the school.

Expected Parental Involvement: Twice a year: Your child's birthday party, and the Christmas presentation.

Annual School Events: Sports Day, A 2-day Summer Camp (KG2~EL2 students only), and a Christmas presentation.

Annual School Trips: We go to the zoo, Tama river, Strawberry farm, Potato farm, and fire and police stations.

Summer School: This program is scheduled in the last 2 weeks of July.

After-School/Extracurricular Activities: English class, math class, and general studies class.

Daily Extended Childcare: Our Daily Extended Childcare is offered on regular scheduled school days, from 8:00am to your child's class start time, and from your child's class end time to 8:00pm, Monday through Friday only. This service is NOT offered on Saturdays and/or Sundays.

Holiday Childcare: Our Holiday Childcare is offered during most scheduled school holidays. However, we are closed, and do NOT offer it on Saturday or Sunday, Christmas day, New Year's day, the 1st week of January, Golden Week, the 4th of July, the 3rd and 4th weeks of August (Obon), on some Japanese holidays, and during the 3rd and 4th weeks of March.

Application Procedures We accept applications for enrolment throughout the year. But applications will only be considered for those children who are three years or older and fully toilet-trained by August 31 of the year that they plan to enter kindergarten (this rule doesn't apply to preschool applicants, who may apply and enter at any time, if space is available). Elementary Students are tested and accepted during April and August only. *Please call the school for entrance requirements and details.

Alumni: Our alumni often go on to other international schools after graduation, including but not limited to Saint Maur International School, Aoba Japan International School, International School of the Sacred Heart, Nishimachi International School, American School in Japan, and Tokyo International School, to name just a few.

PROGRAM OVERVIEW

ABOUT THE PROGRAM

Our private School Program introduces your child to a formal education while embracing the idea that every child is smart in his or her own way. We focus on meeting each individual child's developmental and educational needs. Children are guided and encouraged by our elite, experienced teachers, and advance through our program at their own pace. Because children learn best when they are actively involved, each classroom includes rich learning materials for exploring. Self-directed investigations and play build problem-solving and critical thinking skills. Our teachers supplement these experiences with small group activities that encourage socialization. We give children the foundations that prepare them for an International Jr. High School setting, and set them on a path of life-long learning and success.

ABOUT THE CURRICULUM

Our curriculum is aligned with the U.S. Department of Education's Common-Core Standards, and follows the principal guidelines for developmentally appropriate practices set forth by the National Association for the Education of Young Children (NAEYC). Our teaching method is based on extensive research and inspired by the work of respected development/early education theorists Jean Piaget, Erik Erikson and Lev Vygotsky, and inspired by Dr. Howard Gardner's theory of multiple intelligences. We've arranged these multiple intelligences into eight distinct ways that kids can be intelligent;

“The Eight Smart Method”

- **WordSmart:** Likes to read, write and tell stories and excels at learning and using new words.
- **MathSmart:** Explores patterns and numbers, and enjoys figuring out how things work.
- **BodySmart:** Uses body language, loves to move and play sports, excels at dancing and other physical activity.
- **DesignSmart:** “The visualizer” loves to understand maps, draw, build, design and create.
- **MusicSmart:** Has a natural sense of rhythm, and enjoys singing, playing instruments and listening to music.
- **NatureSmart:** Likes to be outside and care for living things.
- **PeopleSmart:** “The socializer” likes to work in groups, pretends to be someone else, and is sensitive to the feelings of others.
- **SelfSmart:** Likes to be introspective, is in-tune with their personal feelings and thoughts and enjoys working alone.

Our curriculum gives children the tools they need to grow and develop into the leaders of tomorrow. Along with a strong emphasis on mathematics and literacy skills, our program give children a framework they can use throughout school – they learn to love learning.

THE KINDERGARTEN'S DAILY CURRICULUM

- **Conversation Play Circle:** (Free conversation about teacher or student initiated topic while playing)
- **Calendar:** (Days of the week, months, year, weather and seasons)
- **Rhythmic:** (Monthly Songs and Stretching)

PRIMARY SCHOOL PROGRAM

The joy of First and Second Grade is watching your child develop into an independent learner.

Our Elementary School Program is the fundamental platform that supports and serves as the educational foundation your child will build on for life.

The curriculum is built on a rich foundation of reading, writing, and arithmetic. That foundation is then layered with history, science, music, geography, and the arts to ensure no gaps in instruction.

Each course combines the best classroom-tested materials and proven educational methodologies all in one complete, meticulously planned curriculum, which is aligned with the U.S. Department of Education's Common-Core Standards.

Our 8-Smart Teaching method is based on the extensive research and theories of child development expert Dr. Howard Gardner, professor of education at Harvard University. (**The 8-Smart teaching system is listed above.**)

- Learning rules of punctuation

Mathematics

- Adding and subtracting 2- and 3-digit numbers
- Money (US, UK, JPN)

- Simple punctuation

Mathematics

- Using numbers to 100
- Simple fractions
- Solid and plane shapes
- Money (US, UK, JPN)
- Equivalent amounts
- Fact Families
- Measuring
- Adding and subtracting 2-digit numbers
- Place value
- Problem solving
- Telling time

Math in Focus

- Comparing and ordering sets of objects and numbers less than 100
- Creating number bonds and fact families
- Measuring length, area, weight, and capacity with nonstandard units
- Identifying multiplication and division as operations involving equal groups

Science

- Scientific method
- The sun, moon, and stars
- Shadows
- Seasons and weather
- Properties of matter, solids, liquids, and gases
- Forces and movement
- Living and nonliving things
- Growth and change
- Human systems
- Energy
- Land and water habitats
- Earth's surface and resources

Social Studies

- Patterns in addition and subtraction
- Measuring weight, capacity, and temperature
- Problem-solving strategies
- Telling time in 5-minute increments
- 2- and 3-dimensional geometric figures
- Fractions
- Sets
- Introducing multiplication and division

Math in Focus

- Comparing and ordering numbers up to 100
- Identifying and continuing number patterns
- Making bar models to solve word problems
- Multiplying and dividing by 2, 3, 4, 5, and 10
- Rounding to the nearest 10 to estimate sums and differences
